## **OCCUPATIONAL HEALTH SERVICES**

INVESTOR IN PEOPLE

## **FITNESS FOR WORK SCREENING**

Recruiting the right employee is critical to the ongoing success of your business. Absence CARE offers tailor made pre employment medicals to suit your needs. On site medicals can be carried out on the day of interview allowing you to recruit as efficiently as possible. Pre employment medicals indicate your commitment to the health and well being of your staff. They offer you peace of mind that the new recruit is fit for the job.

Absence CARE Screening is carried out by experienced nurses, reports will always be available within 24 hours of the medical being carried out

The following options are suggested –

- General Health Screening – Questionnaire
- Health Check – BP, Weight, BMI, Hearing , Eye sight, Immunisation status
- Drug /Alcohol screening

## **ABSENCE CARE**

Absence CARE is a specialist Service dedicated to helping employers and employees deal with the consequence of medical absence. With a team of nurses around the country supported by Counsellors and Physiotherapists, we are one of the UK's foremost and experienced providers of this service.

We work closely with all parties, liaising with employer, employee, medical teams and employee representatives if required.

## **DRUG / ALCOHOL SCREENING**

With one third of driving accidents in the UK involving a driver on business, it is the responsibility of employers to protect their employees who may not be aware of the ramifications of driving under the influence of drugs and or alcohol. To protect you the employer and to prevent employees breaking the law Absence CARE offer a variety of drug /alcohol screening options. We offer random drug/alcohol screening at your vehicle base before shifts and drug/alcohol screening at the pre employment medical.

Absence CARE Drug/Alcohol Screening is carried out by experienced nurses, reports will always be available within 24 hours of the test with the laboratory confirming positive drug results.

## **EMPLOYEE HEALTH AWARENESS**

To prevent long or short term sick leave and to encourage overall good health, Absence CARE Nurses can come to the workplace and promote healthy living / working advice to your employees. Each can be seen individually with the following options available

- Blood Pressure Check
- Weight / BMI
- Peak Flow
- Blood Sugar Test
- Eye Tests
- Hearing Test
- Nutritional Advice
- Good Posture Advice
- Stress Management

We will come to conference / annual meetings or the workplace and offer this useful and beneficial service

Absence CARE experienced nurses will carry out the Health Check and advise your employee to seek medical attention if needed.
